About Me

I'm a Cybersecurity & Digital Forensics graduate from Ngee Ann Polytechnic. Equipped with a strong foundation in cybersecurity principles and programming, I aspire to leverage my technical expertise to enhance cybersecurity and contribute to a more secure cyberspace. As a confident communicator and creative thinker, I utilise critical thinking to overcome obstacles and drive results.

Education

2019-2022

Anglo-Chinese School (Barker Road)

GCE 'O' Levels: L1R4 — 11

2023-2026

Ngee Ann Polytechnic

Diploma in Cybersecurity & Digital Forensics

Graduating GPA: 3.7437

Skills & Proficiencies

Programming:

- C#, Python

Scripting:

- HTML, CSS, JavaScript, Node.js

Operating Systems:

Proficient in navigating:

- Linux OS (Kali, RHEL, Ubuntu)
- Win OS (XP, 7, 8, 10, 11)

Core Technical Skills:

- Penetration Testing, Cloud Architecture, Malware Analysis Ethical Hacking, Firewall Development

Soft Skills:

- Communication, Leadership, Teamwork, Creativity, Critical Thinking, Resilience, Adaptability

Certifications

Microsoft Azure Fundamentals (Mar 2026)

- Certificate: Link

Cisco Cyber Threat Management (Jan 2025)

- Certificate: Link

AWS Certified Cloud Practitioner (Dec 2024)

- Certificate: Link

Palo Alto Enterprise Security Management (Oct 2024)

- ID: FxrCfo4Dwr (Link)

Experience

KPMG Singapore (Apr 2025 - Apr 2026)

Penetration Tester (Internship)

- Delivered vulnerability assessments in client environments.
- Conducted web penetration testing aligned with OWASP.
- Performed CIS benchmark host configuration reviews.
- Developed internal scripts to automate compliance checks.
- Authored technical reports w/ clear remediation guidance.

NP – ICT Society (Aug 2024 - Aug 2025)

Vice-President (Leadership role)

- Led ICT Society for Welfare, supporting 400+ members.
- Managed welfare heads, delegating and guiding tasks.
- Designed safety and first-aid protocols for events.
- Developed strategic outlines for major society events.
- Organised events to strengthen member community.

Co-Curricular Activities

Anglo-Chinese School (Barker Road)

2021:

- **Hampers of Love VIA Project (MWS) - Participant**
  - Collaborated with cohort in a volunteer project to present hampers to the elderly at MWS.

2020:

- **Innovation Programme (IvP) 2020 - Group leader**
  - Led ACS in a problem-solving innovation programme and excelled in the workshops, earning a Certificate of Merit from MOE.

2019:

- **South Area Orienteering Competition - Group Leader**
  - Led the team from ACS in an Inter-school Scouting Orienteering Competition and achieved the Bronze Award.

Leadership

2021 - Patrol Leader (Scouts & Ventures)

2020 - Assistant Patrol Leader (Scouts & Ventures)

Ngee Ann Polytechnic (School of ICT)

2024:

- **Freshmen Orientation Programme (FOP) - Clan Leader**
  - Selected as the Clan Leader in 2024 FOP. Spearheaded in the organisation of programmes and inspired my team of 20 students to outshine and be the best. Communication was key to ensure unity and discipline.

2023:

- **RED Camp 2023 - Presenter/Emcee**
  - I took up the challenge as camp emcee, which honed my public speaking skills and confidence. I was able to inspire the secondary school students through the sharing of my personal learning journey as a Cybersecurity student of ICT.

Leadership

2024 - Vice-President (ICT Society)

2023 - Class Representative

Awards

2026 — MOE Edusave Good Progress Award

2022 — ACS(BR) CCA Merit Award

2021 — ACS(BR) CCA Distinction Award

2020 — MOE IvP Certificate of Merit

2019 — ACS(BR) CCA Commendation Award

2019 — MOE Edusave Academic Achievement Award

2018 — ACS Honour's Day Distinction Award

2017 — MOE Edusave Good Progress Award

Highlighted Projects

- **'Car Park Availability' Application (Grade: A+)**
  - The simple app was written in Python, for users to process the HDB Carpark Availabilities (GitHub Link)
- **Multi-Device Network Penetration Testing (Group)**
  - Simulating a business network pen-test to identify vulnerabilities across multiple devices (Report Link)
- **Web Development Project**
  - A personal project I embarked on during the 2024 sem. break to build my own website! (GitHub Link)
